RE: Order No. 2013-238 and Petition of Regulatory Staff to Establish Dockets to consider  
Implementation of the Requirements of Section 1251 (Net Metering and Additional Standards) of the  
Energy Policy Act Of 2005, Docket Number 2005-385-E

Dear Ms. Boyd,

The purpose of this letter is three-fold. First, it is to conform my communications to other parties' concerning this order. At the time I emailed a copy of my recommendations to the Commission, the ORS had not set a docket. This letter seeks to correct my oversight.

Second, this letter is to reiterate that I recommend workshop-format for presentation(s) that would allow me to use knowledgeable, solution-oriented stakeholders in a "tag-team" approach in presenting my information to the Commission.

Third, I have one new, additional recommendation, which is to grant the requested formats of all the parties, as all of these are actually ex parte communications although the manner of my presentation would be of a non-traditional format.

By copy of this letter, I am copying each of the following parties of record via first class mail through the US Postal Service.

Thank you and the Commissioners for the early opportunity to revisit and work on net and smart metering in South Carolina.

Feel free to contact me if you have concerns or questions.

Sincerely,

Pamela Greenlaw
